

Repayable Government Loans

Government loans often provide zero-interest or low interest rate, flexible repayment terms and options, and faster approvals.

If you are a high-growing company with growing revenues, a clear path to profitability, and the potential to deliver significant economic and/or environment benefits in the short to medium term, you may be eligible for Canadian Government Loans for your large expansion, development projects, and other business expenses.

- » Guaranteed Loans from \$100,000 to over \$10 Million.
- » May be interest free completely or for a number of years (i.e. 4 years).
- » Or may be available at low interest rates.
- » May not require collateral.

Contact our experienced Government Loans Application Managers to help you identify eligible Loans and to prepare your Application for Approval on a Consulting Contract basis.
